SUMMARY

Third-year Computer Science student at ESI-SBA specializing in **backend development** with a strong interest in **AI and Cloud Computing**. Experienced in PHP, Laravel, and JavaScript through school projects and personal work.
Participated in hackathons (**LC Hack, Ingeeneer**) developing team solutions under time constraints. Motivated, creative, and eager to **gain professional experience** in backend, AI, and Cloud projects.

EDUCATION

2023–2028 (expected) **Bachelor's in Computer Science**, *École Supérieure en Informatique (ESI-SBA)*

EXPERIENCE

- **LC Hack Hackathon:** Collaborated on innovative software solutions.
- **Ingeeneer Hackathon:** Participated in team-based technical challenges.

PROJECTS

- **2nd Year Project:** E-Commerce Website (React + Laravel) – strengthened backend skills.
- **JavaScript Projects:** Interactive web apps using JS, HTML, CSS.
- **Frontend Mentor Projects:** UI/UX and responsive design practice.
- **GitHub Portfolio:** github.com/Rayhana786

PROFESSIONAL SKILLS

- Teamwork and collaboration
- Creativity and imagination
- Motivation and self-learning
- Project management and organization

SKILLS

- HTML, CSS, JavaScript
- PHP, Laravel (Backend)
- Cloud Computing (in progress)

LANGUAGES

Arabic	Native
English	Intermediate
French	Intermediate

CERTIFICATES

- AI Basics (Overview of AI) – Huawei
- Cloud Computing – in progress
